Kpalsi Community Health Centre, Tamale Metropolitan

Date of examination: 3 August 2026

Medical Examination Report

Patient	Rashid Iddrisu, male, 9 years
Brought by	Neighbour (Mrs. Hawa Musah, 055 000 3471)
Reason	Pain when sitting; neighbour concerned about marks on the child's body

Findings. Examination showed several linear bruises on the back and legs, consistent with being beaten with a cable. Older healed marks are also visible on the left arm. No fractures were found.

History. He told the nurse he had not eaten since the previous morning. Rashid said his uncle beats him when he comes home late at night. His mother has been working in Kumasi since June and he lives with his uncle, who neighbours say drinks heavily.

Assessment. Injuries are consistent with repeated physical punishment. The child is underweight for his age.

Action. Wounds dressed; paracetamol given. Case referred to the District Social Welfare Office and DOVVSU the same day.

Examined by: Nurse Patience Dery, Community Health Nurse.
